

Emily G. Jacobs

Assistant Professor of Psychological and Brain Sciences
Neuroscience Research Institute
University of California, Santa Barbara
Lab: <https://labs.psych.ucsb.edu/jacobs/emily>
Email: emily.jacobs@psych.ucsb.edu
Office: 3818 Psychology East
Phone: 805-893-4103

EDUCATION

- 2004-2010 **University of California, Berkeley**
Ph.D in Neuroscience
Advisor: *Mark D'Esposito, M.D.*
Neuroscience Commencement Address
- 2003-2004 **Harvard University**
Concentration: Mind, Brain, Behavior
Visiting Undergraduate Student program
- 2000-2004 **Smith College**
B.A. in Neuroscience
Academic Honors: Phi Beta Kappa, Sigma Xi, Cum laude

APPOINTMENTS & EXPERIENCE

- 2016-present **Assistant Professor, University of California, Santa Barbara**
Department of Psychological and Brain Sciences
Neuroscience Research Institute
Interdisciplinary Graduate Program in Dynamical Neuroscience
UCSB Center for Longevity and Aging
**On-campus start date*
- 2013-2016 **Instructor in Psychiatry, Harvard Medical School**
NIH K12 Career Development Award, HD051959
Title: "Sex-specific chromosomal and neural markers of aging in mid-life men and women: A lifespan perspective"
Advisor: *Jill Goldstein, Ph.D.*
Co-mentors: *Phil De Jager, M.D., Ph.D., Immaculata De Vivo, M.PH, Ph.D., Anne Klibanski, M.D.*
- 2012-2013 **Stuart T. Hauser CRTP Fellow, Harvard Medical School**
Clinical Research Training Program, T32 MH 016259
Advisor: *Jill Goldstein, Ph.D.*
Co-mentors: *Jordan Smoller, M.D., Sc.D., Anne Klibanski, M.D.*
- 2010-2012 **Robert Wood Johnson Foundation Health and Society Scholar**
University of California, San Francisco
Advisor: *Elissa Epel, Ph.D.*
Projects

- A longitudinal, randomized study of estrogen's role in cellular and neural aging: Does post-menopausal estrogen use slow telomere attrition in mid-life women?
With: *Natalie Rasgon, M.D., Elizabeth Blackburn, Ph.D.*

2004-2010

Helen Wills Neuroscience Institute, UC Berkeley

Dissertation

- Estrogen shapes dopamine-dependent cognitive processes: Implications for women's health.
Committee: *Mark D'Esposito, M.D., Robert Knight, M.D., William Jagust, M.D., David Presti, Ph.D.*
Collaborative work on social status and health
- Subjective social status and immune function
With: *Darlene Francis, Ph.D. (PI), Rudy Mendoza-Denton, Ph.D.*

2001-2004

Visual Cognition fMRI Laboratory, Smith College

Undergraduate Research

- Mentor: *MJ Wraga, Ph.D.*

2003

Institute of Cognitive Neuroscience, University College London

Undergraduate Research

- Mentors: *Sarah-Jayne Blakemore, Ph.D., Uta Frith, Ph.D.*

2001-2003

Center for Developmental Cognitive Neuroscience, UMass Medical School

Undergraduate Research

- Mentor: *Adele Diamond, Ph.D.*

FUNDING

Current

2018-2020

Brain and Behavior Research Foundation

Sex differences in dopamine neurotransmission in the human brain: A molecular PET imaging study

\$70,000, 2-year award

Role: PI

2018

California Nanosystems Institute UCSB Challenge Grant

Spatial Navigation, Sex Hormones, and the Aging Brain

\$50,000, 1-year award

Role: PI

2018

University of California, Santa Barbara Academic Senate Grant

Impact of Reproductive Aging on Spatial Navigation

\$15,000, 1-year award

Role: PI

2018

University of California Regents Junior Faculty Fellowship

The role of sex hormones in the aging brain

\$7500, 1-year award

Role: PI

2016-2020

National Institutes of Health R01 MH108511 (PI Jason Moser)

Cognitive Control in Anxiety: The Role of Ovarian Hormones

Role: Consultant, 5-year award

Previous

2017	UCSB Psychological and Brain Sciences Gottsdanker Research Fund Award \$2000, 1-year award Role: PI
2013-2016	National Institutes of Health K12 HD051959 Career Development Award Building Interdisciplinary Research Careers in Women's Health (BIRCWH) \$300,000, 3-year award Role: PI/Scholar
2012	National Institutes of Health MH016259 NIH/Harvard Medical School Stuart T. Hauser CRTP Fellowship \$88,680, 2-year award Role: PI/Scholar
2010-2012	Robert Wood Johnson Foundation Health and Society Fellowship \$200,850, 2-year award Role: PI/Scholar
2009	UC Berkeley Elizabeth Roboz Einstein Fellowship in Neurosciences and Human Development \$5,000, 1-year award
2009	Phi Beta Kappa Graduate Scholarship \$5,000, 1-year award
2007	UC Berkeley Consortium on Population Health and Human Development Pilot Grant \$10,000, 1-year award
2006-2009	National Science Foundation Graduate Research Fellowship \$122,500, 3-year award

HONORS

2017	NARSAD Young Investigator Award, Brain and Behavior Research Foundation
2016	National Academy of Sciences Kavli <i>Frontiers of Science</i> Fellow
2013-2016	National Institutes of Health "BIRCWH" Women's Health Scholar
2014	NIH Travel Award, Organization for the Study of Sex Differences
2013	Early Career Travel Award, The American College of Neuropsychopharmacology
2012	Harvard Medical School's Stuart T. Hauser Clinical Research Fellow
2010-2012	Robert Wood Johnson Foundation Health and Society Scholar
2006-2009	National Science Foundation Graduate Research Fellow
2006	Patricia Goldman-Rakic Fellow for Women in Neuroscience
2004	Rhodes Scholarship finalist
2004	Council on Undergraduate Research, 'Posters on Capitol Hill' award
2003	Howard Hughes Medical Institute Undergraduate Research Fellowship
2002	International Education of Students: Excellence in the Sciences Scholarship
2002	Howard Hughes Medical Institute Undergraduate Research Fellowship
2000	National Youth Science Foundation, Governor-appointed Illinois representative

INVITED LECTURES

- “Sex steroids and the aging brain – Applying a women’s health lens to cognitive neuroscience” Keynote Lecture, Science and Gender Equality Symposium (“SAGE 2.0”) UKE, **Hamburg, Germany** (2018, March). Host: Sina Trautmann-Lengsfeld, Ph.D.
- “Sex and menopausal status shape early changes in episodic memory function” Talk presented in celebration of the 25th Anniversary of the Office of Research on Women’s Health (ORWH) and BIRCWH Annual meeting, Natcher Conference Center, **National Institutes of Health** (2016, May). Introduced by: Jill Goldstein, Ph.D., Host: Lisa Begg, Dr.P.H. and Janine Clayton, M.D.
Link: <https://videocast.nih.gov/summary.asp?Live=19247&bhcp=1>
- “Role of estrogen in regulating stress circuitry” Kavli Summer Institute in Cognitive Neuroscience, Topic: “The Stressed Brain” **University of California, Santa Barbara** (2016, June). Host: Barry Giesbrecht, Ph.D.
- “Interrogating the role of sex steroid hormones in memory circuitry” 15th Annual Integrative Center for Learning and Memory Symposium, **University of California, Los Angeles** (2016, May). Hosts: Alcino Silva, Ph.D., Michael Fanselow, Ph.D., David Glanzman, Ph.D.
- “Reorganization of functional networks in memory circuitry in early midlife: The role of sex and menopausal status”. Annual Neurosciences Interdisciplinary Retreat, **BWH Institute for Neurosciences**, (2015, November). Host: Anu Swaminathan, PhD., c/o Brigham Research Institute Executive Committee
- “Fetal origins of the aging of memory circuitry”. Robert Wood Johnson Foundation Health and Society Seminar Series, **Harvard T.H. Chan School of Public Health**, (2015, November). Host: Lisa Berkman, Ph.D.
- “Interrogating the role of sex steroid hormones in memory circuitry” Department of Psychology, **Columbia University**, (2015, May). Host: Sarah Woolley, Ph.D.
- “Interrogating the role of sex steroid hormones in memory circuitry” Department of Psychological and Brain Sciences, **University of California, Santa Barbara**, (2015, April). Host: Miguel Eckstein, Ph.D.
- “Interrogating the role of sex steroid hormones in memory circuitry” Department of Psychology, **University of Michigan**, (2015, March). Host: Martin Sarter, Ph.D.
- “Relationship between reproductive senescence and the aging of memory circuitry” Department of Medicine, Division of Women’s Health Cross-disciplinary Women’s Health Seminar Series, **Brigham and Women’s Hospital** (2015, January). Host: Tamarra James-Todd, Ph.D.
- “Use of functional MRI to investigate the role of gonadal hormones in brain function” Men’s Health: Aging and Metabolism Unit, Division of Endocrinology, **Harvard Medical School** (2014, November). Host: Shehzad Basaria, M.D.
- “Use of PET imaging and functional MRI and to investigate the role of gonadal hormones in brain function” BRI Functional and Molecular Neuroimaging Salon, **Brigham and Women’s Hospital** (2014, September). Host: Emily Stern, M.D.
- “Early chromosomal and neural markers of aging in mid-life men and women: A lifespan perspective” Center for Depression, Anxiety and Stress Research, **McLean Hospital** (2014, June). Host: Diego Pizzagalli, Ph.D.

- “Chromosomal and neural markers of aging in mid-life men and women: A lifespan perspective” Psychiatric Genetics and Translational Research Seminar, **Massachusetts General Hospital** (2014, May). Host: Jordan Smoller, M.D., Sc.D.
- “Chromosomal and neural markers of aging in mid-life men and women: A lifespan perspective” Research Initiatives Seminar, **Brigham and Women’s Hospital** (2014, January). Host: Hadine Joffe, M.D., M.Sc.
- “Estrogen’s role in shaping prefrontal cortical function” Neuroscience Seminar Series, **UCSF Center for Neurobiology and Department of Psychiatry** (2012, November). Host: Dhakshin Ramanathan, M.D., Ph.D.
- “Estrogen use and telomere attrition in post-menopausal women” Building Interdisciplinary Research Careers in Women’s Health (BIRCWH) Seminar, **UCSF School of Medicine** (2012, September). Hosts: Monica Gandhi, M.D. and Ruth Greenblatt, M.D.
- “Pharmacoendocrinology and the brain: Why estrogen’s influence on neurochemistry matters for women’s health.” **Massachusetts Neuropsychological Society**, Boston, MA. (2011, November). Host: Mary Coakley-Welch, Ph.D.
- “Estrogen and the Brain.” Seminar given at the **30th Annual Renaissance Weekend**, Charleston, SC. (2010, December) Host: Ambassador Philip Lader, J.D., Ph.D. and Linda Lader, M.Div.
- “Individual differences in cognition.” **Google**, Mountainview, CA. (2010, May) ([link](#)) Host: Peter Jin Hong
- “A women's health approach to frontal lobe function.” **Smith College**, Northampton, MA. (2009, September) Hosts: Mary Harrington, Ph.D. and President Carol Christ, Ph.D.

CONFERENCE PRESENTATIONS: SYMPOSIA, TALKS, & POSTERS

⁺*Advisee presentation*

2018

1. Konishi J, Cherkerzian S, **Jacobs E.G.**, et al. (December, 2018) “Steroid hormones, reproductive aging and major depression: Sex differences in memory decline in early midlife. Poster to be presented at the 57th Annual Meeting of the American College of Neuropsychopharmacology
2. Taylor C.⁺ & **Jacobs E.G.** (November, 2018) “The impact of oral hormonal contraceptives on the central nervous system – a population approach” Poster presented at the 48th Annual Meeting of the Society for Neuroscience, San Diego, CA.
3. Pritschet L.⁺ & **Jacobs E.G.** (November, 2018) “Reproductive aging shapes top-down, goal-directed modulation of visual attention” Poster presented at the 48th Annual Meeting of the Society for Neuroscience, San Diego, CA.
4. **Jacobs E.G.** (October, 2018) “The middle aged brain – the role of sex hormones in memory circuitry” **Symposium and Talk** given at the 58th Annual Meeting of the Society for Psychophysiological Research, Quebec City, Canada
5. Taylor C.⁺ & **Jacobs E.G.** (May, 2018) “Determining the impact of oral hormonal contraceptives on the central nervous system” Poster presented at the 12th Annual Meeting of the Organization for the Study of Sex Differences, Atlanta, CA. ***Florence T. Haseltine Award for “outstanding poster by a new investigator”**
6. **Jacobs E.G.** (May, 2018) “Sex steroids and the aging brain” **Symposium and Talk** given at the 30th Annual Convention of the Association for Psychological Science, San Francisco, CA.

2017

7. Konishi K., **Jacobs E.G.**, Cherkerzian S., Weiss B.K, Rentz D. M. et al. (December, 2017) Impact of BDNF and sex on maintaining intact memory function in early midlife. Abstract, 56th Annual Meeting of the American College of Neuropsychopharmacology, Palm Springs, CA.
8. "[The Kavli Symposium on Sex Steroids and the Brain](#)" Co-hosted by the Kavli Foundation and the UCSB Brain Initiative, featuring Gurly Distinguished Lectures by Profs. John Morrison, Roberta Brinton and **Emily Jacobs**. Moderated by Prof. Ken Kosik. Marine Science Auditorium, June 1, 2017

2016

9. **Jacobs E.G.**, Makris N., Kubicki M., Shenton M., DeVivo I., Goldstein J.M. (December, 2016) Leukocyte telomere length is associated with widespread grey and white matter deficits in early aging: Impact of sex and menopausal status. Abstract, 55th Annual Meeting of the American College of Neuropsychopharmacology, Hollywood, FL.
10. **Jacobs E.G.***, Goldstein J.M.*, Morrison J., Frick K. (May, 2016) "Early cellular, synaptic, and circuit-level biomarkers of sex differences in memory decline" **Symposium and Talk** given at the Organization for the Study of Sex Differences (Society for Women's Health Research), Philadelphia, PA. ***Co-Chair**
11. **Jacobs E.G.**, Weiss B., Whitfield-Gabrieli S., Klibanski A., Goldstein J.M. (June 2016) Impact of sex and menopausal status on episodic memory circuitry in early midlife. Poster presented at the NIH Office of Research on Women's Health (ORWH), Bethesda, MD. ***Featured as "top three posters"**

2015

12. **Jacobs E.G.**, Weiss B., Rentz D., Whitfield-Gabrieli S., Remington A., Aizley H., Klibanski A., Goldstein J.M. (December, 2015) Depletion of sex steroid hormones in mid-life alters hippocampal activity during verbal memory encoding: A population-based fMRI study of sex differences in memory decline. Poster presented at the 54th Annual Meeting of the American College of Neuropsychopharmacology, Hollywood, FL. ***Selected as top 5% of posters *Recorded as a "voice poster"**
13. Gallen C.L., Hwang K., Chen A.J., **Jacobs E.G.**, Lee T.R., D'Esposito M. (October, 2015) Influence of selective attention on brain network reconfiguration during working memory. Poster presented at the 45th Annual Meeting of the Society for Neuroscience, Chicago, IL.
14. **Jacobs E.G.**, Weiss B., Whitfield-Gabrieli S., Remington A., Aizley H., Goldstein J.M. (October, 2015) Reproductive aging modulates working memory-related neural activity in women: Implications for sex differences in memory circuitry aging. Poster presented at Brigham and Women's Hospital's "Discover Brigham" Research Symposium.
15. Zhu A., Pasternak O., Lyall A., Makris N., **Jacobs E.G.**, Weiss B., Shenton M.E., Goldstein J.M., Kubicki M. (April, 2015) Impact of sex on white matter integrity in aging of the memory circuitry. Poster presented at Harvard Medical School's Annual Myself Research Day, Boston, MA.

2014

16. **Jacobs E.G.**, Weiss B., Whitfield-Gabrieli S., Klibanski A., Goldstein J.M. (December, 2014) Reproductive aging modulates working memory-related neural activity in women. **Talk** and poster presented at the 53rd Annual Meeting of the American College of Neuropsychopharmacology, Phoenix, AZ. **Featured presentation in the "Hot Topics" Symposium.**
17. **Jacobs E.G.**, Weiss B., Whitfield-Gabrieli S., Klibanski A., Goldstein J.M. (November, 2014) The depletion of sex steroid hormones during the menopausal transition is related to altered prefrontal and hippocampal signaling during working memory and memory encoding. **Talk** presented at the 44th Annual Meeting of the Society for Neuroscience, Washington, DC.
18. **Jacobs E.G.**, Weiss B., Whitfield-Gabrieli S., Klibanski A., Goldstein J.M. (November, 2014) Reproductive aging is associated with altered prefrontal and hippocampal signaling during working memory. Poster presented at the National Institutes of Health 11th Anniversary ORWH Interdisciplinary Women's Health Research Symposium, Washington, DC. *Published in Journal of Women's Health, 23(10):849-877.*

19. **Jacobs E.G.**, Weiss B., Whitfield-Gabrieli S., Klibanski A., Goldstein J.M. (September, 2014) Reproductive aging modulates working memory-related neural activity in women. Harvard Medical School and Brigham and Women's Hospital Annual Women in Medicine and Science Symposium, Boston, MA.
20. **Jacobs E.G.**, Whitfield-Gabrieli S., Weiss B., Klibanski A., Goldstein J.M. (August, 2014) The depletion of sex steroid hormones during the menopausal transition is related to altered prefrontal cortex signaling during working memory. **Talk** given at the 44th Annual Meeting of the International Society of Psychoneuroendocrinology, Montreal, Canada. **Featured presentation in the "Young Investigators" symposium.**
21. **Jacobs E.G.**, Whitfield-Gabrieli S., Weiss B., Klibanski A., Goldstein J.M. (April, 2014) The depletion of sex steroid hormones during the menopausal transition is related to altered prefrontal cortex signaling during working memory. Poster presented at the Organization for the Study of Sex Differences (Society for Women's Health Research), Minneapolis, MN.
22. **Jacobs E.G.**, Weiss B., Whitfield-Gabrieli S., Klibanski A., Goldstein J.M. (March, 2014) Reproductive aging is associated with altered prefrontal and hippocampal signaling during verbal encoding and working memory: Initial characterization of a 50-year follow-up study of a prenatal cohort. Poster presented at the 21st Annual Meeting of the Cognitive Neuroscience Society, Boston, MA.

2013

23. **Jacobs E.G.**, Holsen L.M., Lancaster K., Remington A., Buka S., Whitfield-Gabrieli S., Klibanski A., Goldstein J.M. (December, 2013) Gonadal hormone regulation of stress circuitry activity in healthy women is disrupted in Major Depressive Disorder. Poster presented at the 52nd Annual Meeting of the American College of Neuropsychopharmacology, Hollywood, FL.
24. **Jacobs E.G.** (September, 2013) Sex-specific chromosomal and neural markers of aging in mid-life men and women: A lifespan perspective. Abstract included in the Harvard Medical School and Brigham and Women's Hospital Annual Women in Medicine and Science Symposium, Boston, MA.

2012

25. **Jacobs E.G.**, Laguerta E., Dang L., Jagust W., Weinberger D., D'Esposito M. (2012, October) Estradiol and COMT alter striatal dopamine release and working memory function in women: Direct evidence from [11C]-raclopride PET and fMRI imaging. Poster presented at the 42nd Annual Meeting of the Society for Neuroscience, New Orleans, LA.
26. **Jacobs E.G.**, Laguerta E., Dang L., Jagust W., D'Esposito M. (2012, May) Estradiol and COMT alter striatal dopamine release in women. Poster presented at the 67th Annual Meeting of the Society for Biological Psychiatry, Philadelphia, PA.
27. **Jacobs E.G.** (2012, April) Behavioral and hormonal interventions buffer against accelerated cell aging in at-risk women. **Talk** given at the 10th Annual Meeting of the Robert Wood Johnson Foundation, Princeton, NJ.

2011

28. **Jacobs E.G.** (2011, November) *Symposium* – Cognitive and behavioural dysfunction in ageing: Role of sex hormones; with Pauline Maki, Ph.D., Paul Newhouse, M.D. and Julie Dumas, Ph.D. **Talk** given at the 11th Annual International College of Geriatric Psychopharmacology Meeting, Irvine, CA.
29. **Jacobs E.G.** (2011, May) From parity in science to improvements in health. **Talk** given at the 9th Annual Meeting of the Robert Wood Johnson Foundation, Bethesda, MD.
30. LeWinn, K., **Jacobs E.G.**, Boyce, T.W., D'Esposito, M (2011, March). **Symposium** – Childhood socioeconomic disadvantage and mental health: Psychological, physiological and neurobiological mechanisms. Society for Research in Child Development Biennial Meeting, Montreal, Canada.
31. John, N., **Jacobs E.G.**, Mendoza-Denton, R., Francis, D.D. (2011, January). Subjective social status predicts immune function in a young adult cohort. Poster presented at the Annual Meeting of the Society of Personality and Social Psychology, San Antonio, Texas.

2010

32. **Jacobs E.G**, D'Esposito, M (2010, November). Estrogen alters top-down modulation of sensory processing. Poster presented at the 40th Annual Society for Neuroscience Meeting, San Diego, CA.
33. Vytlacil, J., **Jacobs E.G**, D'Esposito, M (2010, November). Estrogen and COMT polymorphisms interact to affect resting state connectivity with dopaminergic midbrain regions. Poster presented at the 40th Annual Society for Neuroscience Meeting, San Diego, CA.
34. Cohen, J., **Jacobs E.G**, D'Esposito, M (2010, November). The connectivity of intrinsic, task-independent networks during working memory. Poster presented at the 40th Annual Society for Neuroscience Meeting, San Diego, CA.

2009

35. **Jacobs E.**, D'Esposito, M (2009, October). Estrogen shapes dopamine-dependent cognitive processes in prefrontal cortex. Poster presented at the 39th Annual Society for Neuroscience Meeting, Chicago, IL.
36. **Jacobs E.**, D'Esposito, M (2009, June). *Symposium* – Individual differences in cognition: How a person's hormonal state and genetic background impacts prefrontal cortical function. **Talk** given at the 15th Annual meeting of the Organization for Human Brain Mapping, San Francisco, CA.
37. **Jacobs E.**, D'Esposito, M (2009, June). Individual differences in cognition: How a person's hormonal state and genetic background impacts prefrontal cortical function. Poster presented at the 15th Annual meeting of the Organization for Human Brain Mapping, San Francisco, CA.
38. Song, S., Turner, G., **Jacobs, E.**, Nycum, T., D'Esposito, M., Chen, A. (2009, June). Attention reduces variability of goal-relevant perceptual representations within visual association cortex. Poster presented at the 15th Annual meeting of the Organization for Human Brain Mapping, San Francisco, CA.
39. **Jacobs, E.**, Cools, R., D'Esposito, M. (2009, January). Individual differences in cognition: The role of COMT genotype and estrogen in frontal lobe function. Poster presented at the 5th International Imaging Genetics Conference, Irvine, CA.

2008

40. **Jacobs, E.** (2008, August). Genetic and hormonal influences on prefrontal cortical function. **Talk** given at the 5th Annual Bay Area Memory Meeting, Davis, CA.
41. **Jacobs, E.**, Cools, R., D'Esposito, M. (2008, April). Genetic and hormonal influences on prefrontal cortical function. Poster presented at the 15th Annual Meeting of the Cognitive Neuroscience Society, San Francisco, CA.
42. **Jacobs, E.**, D'Esposito, M. (2008, April). Women's health from a genetic and endocrine perspective. **Talk** given at the Annual Stanford-Berkeley Cognitive Psychology Symposium, Stanford, CA.

Pre-2008

43. Wraga, M., Helt, M., Duncan, L.E., & **Jacobs, E.** (2006, November). Altering test instructions to improve women's spatial cognition performance. Poster presented at the 47th Annual Meeting of the Psychonomic Society, Houston, TX.
44. Wraga, M., **Jacobs, E.**, Sullivan, K., & Uyk, E. (2006, April). Neural substrates of two classes of egocentric mental transformations. Poster presented at the 13th Annual Meeting of the Cognitive Neuroscience Society, San Francisco, CA.
45. **Jacobs, E.**, Duncan, L.E., Helt, M., & Wraga, M. (2005, January). Stereotype threat, gender, and mental rotation performance. Poster presented at the Sixth Annual Meeting of the Society for Personality and Social Psychology, New Orleans, LA.
46. Helt, M., **Jacobs, E.**, Sullivan, K., & Wraga, M. (2005, January). fMRI study of women's enhanced spatial cognition performance via positive stereotype. Poster presented at the Sixth Annual Meeting of the Society for Personality and Social Psychology, New Orleans, LA.

47. Cools, R., **Jacobs, E.**, Altamirano, L., Sheridan, M., Kelley, E., D'Esposito, M. (2005, November). Dopamine D2 receptor stimulation potentiates BOLD activity in the striatum during attentional switching in visual working memory. Poster presented at the Society for Neuroscience Conference, Washington D.C.
48. **Jacobs, E.**, Wraga, M., Duncan, L., & Church, J. (2004, April). Neural correlates of enhanced spatial cognition performance in men. Presented on Capital Hill for the Council on Undergraduate Research, Washington DC.
49. Wraga, M., **Jacobs, E.**, Duncan, L., & Church, J. (2004, April). fMRI study of men's enhanced spatial cognition performance during stereotype threat. Poster presented at the 11th Annual Meeting on the Cognitive Neuroscience Society, San Francisco, CA.
50. Wraga, M., Helt, M., Duncan, L., **Jacobs, E.** (2004, January). Limits to improving women's spatial cognition performance within a positive stereotype context. Poster presented at the Society for Personality and Social Psychology Meeting, New Orleans, LA

TEACHING

- **University of California, Santa Barbara** Psychological and Brain Sciences 137: Behavioral Endocrinology, Spring 2018, Winter 2018
- **University of California, Santa Barbara** Psychological and Brain Sciences 594: Graduate Seminar, Hormones and Cognition, Winter 2017
- **University of California, Santa Barbara** Psychological and Brain Sciences 160/163: Special Studies, Hormones and Cognition, Winter 2016, Winter 2017, Winter 2018
- **University of California, San Francisco, School of Medicine** Lecturer, Essential Core Social and Behavioral Science Course (2010) (Themes: *Race and Bias in Medicine; Biopsychosocial Model in Medicine*)
- **University of California, Berkeley** Public Health 39G: *Unnatural Causes...Is Inequality Making Us Sick?* Co-taught with Darlene Francis and Kat Saxton. (2009 & 2010)
- **University of California, Berkeley** Molecular and Cellular Biology 61: *Mind, Brain & Behavior*. Graduate Instructor (2006)
- **University of California, Berkeley** Molecular and Cellular Biology MCB 60: *Drugs and the Brain*. Graduate Instructor (2005)
- **Mentoring** (sample)

<u>Caitlin Taylor, Ph.D.</u>	Postdoctoral fellow in the Jacobs Lab (2017- present) *UCSB SAGE Junior Fellow 2018-2020 *2018 Florence T. Haseltine Prize by OSSD
<u>Laura Pritschet, B.A.</u>	Graduate student in the Jacobs Lab (2017- present)
<u>Shuying Yu, B.A.</u>	Graduate student in the Jacobs Lab (2018-present, lab technician 2016-2018) *UCSB Cota-Robles University Fellow 2017-2021 *2017 National Science Foundation GRFP Honorable Mention
<u>Naomi Warren, B.A.</u>	Supervised on administering cognitive/demographic battery. (2017-2018) Currently a neuroscience lab technician at Texas A&M.
<u>Blair Weiss, M.A.</u>	Supervised on integrating neuroendocrine data into fMRI analyses. (2013-2016) Currently a PhD student at Widener University.
<u>Julia Longenecker, M.A.</u>	Supervised on fMRI data collection and analysis. (2012-2013) Currently a PhD student at University of Minnesota.
<u>Elaine LaGuerta, B.A.</u>	Supervised on raclopride-PET and pharmacology research. (2009-2012) Completed her graduate degree at UC Berkeley.
<u>Katie Cheng, B.A.</u>	Supervised on the creation of an in-house gene database. (2008-2010) Became a research technician with Prof. Vinon Menon, Stanford University.

Jared Torre, M.A.

Mentored on social neuroscience theory, fMRI design and analysis. (2008-2009) Completed his PhD at *UCLA* with an *NSF Graduate Research Fellowship*.

Erin Thompson, M.A.

Mentored on cognitive neuroscience methods. (2007)
Completed her graduate degree at *University College London*.

SERVICE

Institutional Service *(representative)*

- SAGE Center for the Study of the Mind, Junior Fellows Program Co-Director (2018-present)
- UCSB Neuroscience Research Institute Advisory Committee (2017-present)
- UCSB Center for Longevity and Aging, Member (2017-present)
- UCSB Executive Committee (2016-2017)
- UC Berkeley Helen Wills Neuroscience Institute Executive Committee (2006-2010)
